

A modern twist on history

NH COLLECTION
COPENHAGEN

History

NH Collection Copenhagen opened its doors in September 2021, marking NH Hotel Group's debut in Denmark. The five-star hotel brings together premium facilities, inspiring design, and personalized service.

The characteristic property stands as an architectural landmark with its prime location by Knippelsbro, marking the entrance to the Christianshavn and Amager districts. Its prominent position on Torvegade and distinctive modernist façade make it hard to miss when passing by.

The property was built in the years 1957-1962 by architect Palle Suenson to serve as the headquarters and administration building for the B&W shipyard. The architecture reflects the period when modernism embraced pure forms, straight lines, and flat roofs.

Over the years, the building has housed various tenants and undergone several transformations, incorporating materials like steel, concrete, and glass. Now operating as a hotel, a new chapter has been added to the property's history - with a completely new design that still honors its architectural heritage.

Location

With an outstanding location directly on the harbor in the vibrant district of Christianshavn, the hotel is within walking distance of Copenhagen's main landmarks and the city center shopping area. Christianshavn is one of the most visited and photographed areas in Copenhagen. The colorful merchant houses, the creaking sounds of old oak sailboats, the scent of the sea, and the green slopes of the historic Christianshavns Vold all contribute to the unique charm of this part of the city.

Facilities & Services

A range of first-class facilities is available to make your stay in Copenhagen truly memorable.

Start the day with an extraordinary breakfast buffet featuring both local and international specialties, stay active in the fully equipped gym, or explore gastronomic highlights in the hotel's bar and restaurant.

The inviting lobby is designed as a dynamic, multi-purpose space where travelers and locals can meet, work, unwind - or simply relax with a good book in one of the quiet corners.

- Restaurant
- Bar
- Gym
- Valet parking
- Bicycle rental
- External restaurant - NU & DA
- Electrical vehicle chargers for a fee
- Guest relations service
- Laundry and dry-cleaning service

Sustainability

Sustainability is a big part of our operation at NH Collection Copenhagen. We strive to make a positive impact on the environment while providing extraordinary service to our guests. Here's what we have achieved so far:

DGNB Gold certification

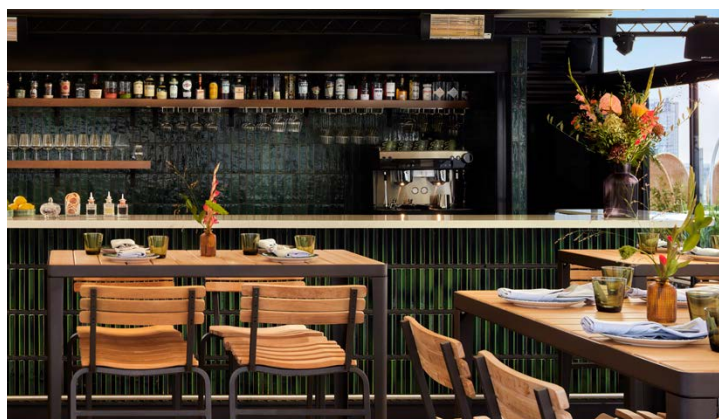

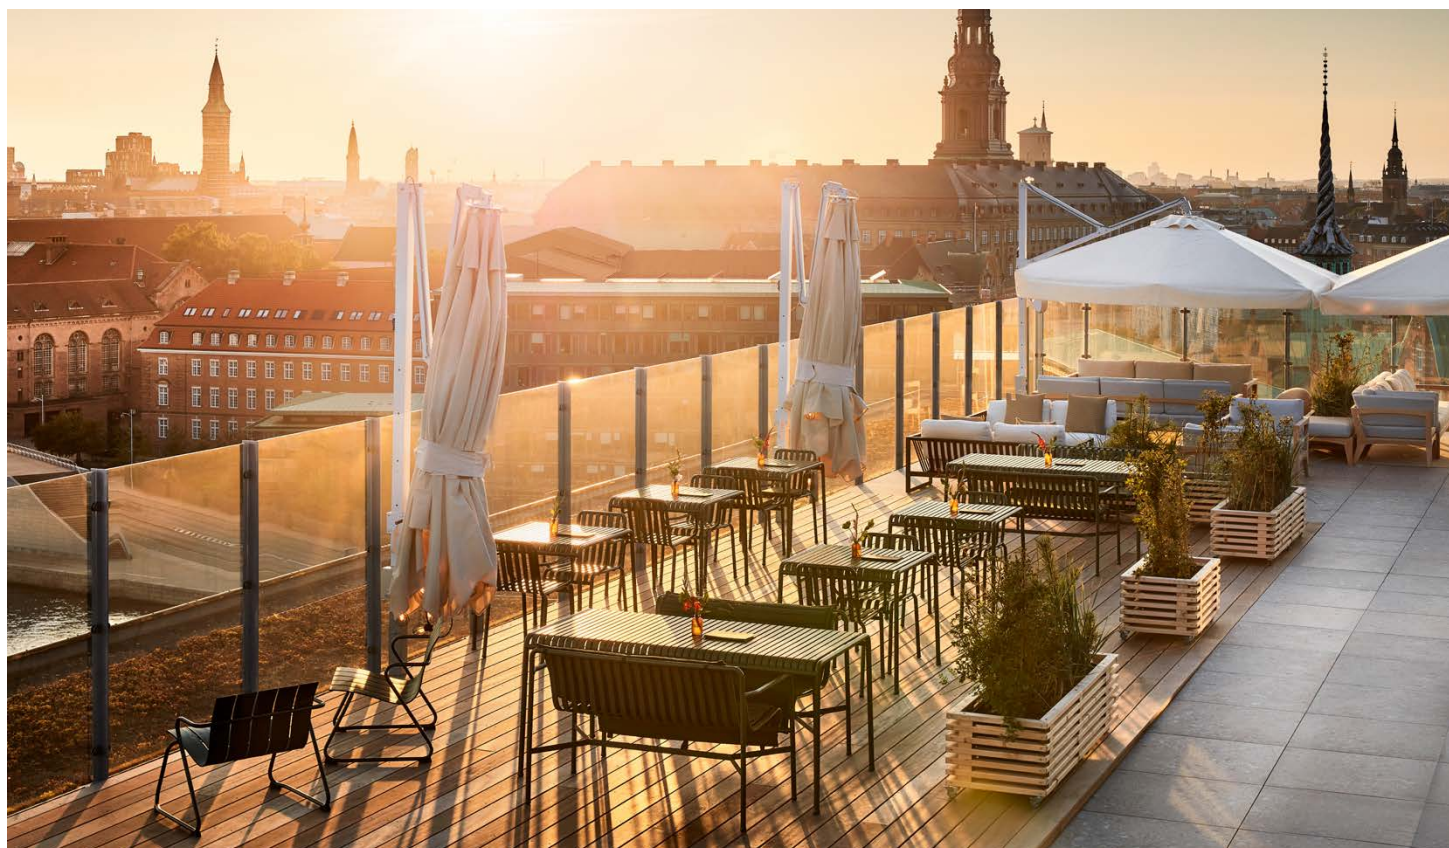

In 2022 the hotel was the first in Denmark to receive gold in the international DGNB certification scheme on the basis of a wide range of environmental, social and economic considerations in connection with the renovation of the building.

Green Key

Since 2024, NH Collection Copenhagen has proudly held the esteemed Green Key certification, an international environmental recognition bestowed upon the tourism industry. The hotel meets the standards for environmental responsibility and sustainable operation, including all facets of hotel operations, from management and administration to cleaning, waste management, and food services.

Sustainable energy

NH Collection Copenhagen is also the first hotel in Denmark to have entered into an agreement for the supply of green electricity through a power purchase agreement with the renewable energy company Better Energy. The agreement has contributed to the construction of a new solar park, which supplies green electricity to the Danish electricity grid equivalent to the hotel building's consumption.

ROOF - Bar & Lounge

In the heart of Copenhagen, a unique rooftop bar and lounge welcomes guests from April to October. From the rooftop of NH Collection Copenhagen, you can enjoy a view like no other in the city.

This incomparable oasis invites both locals and hotel guests to soak in the vibrant atmosphere above the city, with stylish indoor and outdoor seating. Bartenders craft flavorful cocktails, the kitchen serves exquisite food, and it is all enjoyed with views of the water and the sunset behind the iconic mint-green rooftops and historic towers.

- 88 persons outside
- 44 persons inside / flex pergola
- Cocktails
- Snacks, bites, small dishes and desserts
- Open air fireplace

PLAN YOUR NEXT EVENT AT ROOF - BAR & LOUNGE
